

J-TEQ EMS Solutions Ltd

CONFLICT MINERALS

POLICY STATEMENT

J-TEQ EMS Solutions Ltd acts in line with Dodd-Frank Act Section 1502 relating to the prevention of human rights violations and environmental damage in regions afflicted by conflict, particularly in the Democratic Republic of Congo and its neighboring countries.

We support this act through avoidance in trading of such minerals, which have been mined under the influence of illegal armed groups.

As a responsible sub-contract manufacturer, we can assist our customers in relation to this topic. J-TEQ EMS Solutions Ltd. work with suppliers, where efforts are commercially viable, towards compliance using only raw materials from environmentally and socially responsible sources.

J-TEQ EMS Solutions Ltd supports the Responsible Minerals Initiative and use of CMRT reporting for Customers.

Some of our suppliers assist compliance in making clear and transparent statements on this subject.

J-TEQ EMS Solutions Ltd. are not able to issue signed confirmatory statements as only the manufacturers themselves can ensure this, but we can refer our Customers to the statements about the Conflict Minerals on our manufacturer supplier websites.
